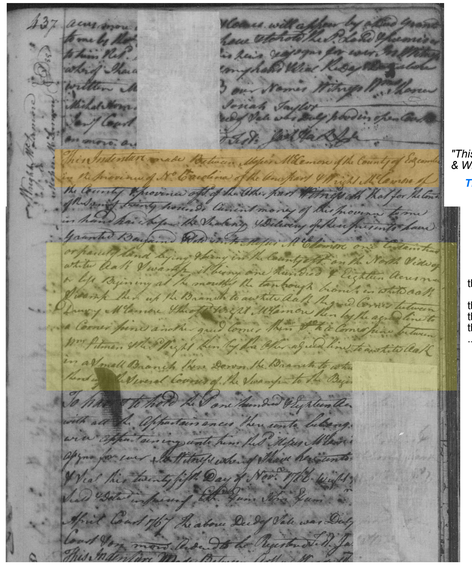
Wright McLemore to Moses McLemore 118 ac 1766



"This Indenture made between Moses McLemore ...of the one part & Wright McLemore... of the other part..."

This is a bit confusing but it irons out that Wright is selling to Moses.

"twenty pounds current money...to me in hand paid... has ...sold unto Moses McLemore...land"

begin x mouth of ***Tantrough Branch***
in White Oak Swamp
then up branch to corner (between Drury McLemore and Wright McLemore)
then to a corner (between Wm Pitman & the sd Wright)
then by his other line to an oak in a small branch
then down the branch ...obscured...
...then the several courses of the swamp 1to 1st

All of this makes me suspect that Wright McLemore is settling his affairs prior to dying...hence, there is no real need for a will... the remaining 10 acres (which he may be retired upon) will devolve to the oldest son by primogentiture. This era is still English Law.
