NOTES & SOURCES

- PRIMARY WILL (doxa): Richard Wall of Northampton Co., NC, will 29 Feb 1752, proved Aug. Court 1755. Original will-book image: [IGN 007639552](#) (image 54 of 602); also filed under "Northampton, Deeds 1741-1759," [IGN 007517521](#) (image 60 of 524). Independent corroborating copy found 12 Jul 2026: "Clinton, Hinds, Mississippi. Family Histories 1953," FS ark 3:1:3QM-CSVB-JS38-G, item 6, image 2 of 4 (Ref. 88871, Vol. 23 p.3) — typed transcription, text matches the original will-book copy.
- All eight children (Sampson, Richard Jr., Arthur, Samuel, Judith Deloatch, Sarah Boykin, Pricila Benson, Jane Lewis) are named directly in the will's own bequest clauses — doxa tier. No child or son-in-law named Solomon appears anywhere in the will.
- SOLOMON BOYKIN QUESTION (12 Jul 2026): raised as "could Solomon be a grandson of Richard Wall, given the 50ac he received from Wall in 1743?" Resolved by a separate primary document — the will of Edward (F.) Boykin, Northampton Co., NC, 8 Jun 1743/proved Aug. Court 1743 — which names Solomon as a living son and co-executor, with mother Judith Boykin (not a Wall). Richard Wall was a subscribing witness to that will and gave the oath proving it in the SAME Aug. Court 1743 term in which he sold Solomon 50 acres. Reads as a family-friend/neighbor land sale timed to Solomon's coming into his father's estate, not a grandfather-to-grandson gift. See [Deloach_William_Bertie_Chowan_Search_20260710.md](#), 12 Jul 2026 entries, for the full will transcription and reasoning.
- Witnesses Chas. Campbell & James Lewis (1752 Wall will) — Chas. Campbell also witnessed Edward Boykin's 1743 will, same small Northampton Co. circle, independent corroboration of the associate (not blood) reading above.
- Judith (Wall) Deloatch — candidate identity Wm Deloach "Jr." [OBRD, not doxa] per the 11 Jul 2026 update in [Deloach_William_Bertie_Chowan_Search_20260710.md](#); not independently confirmed by this will.
- Sarah (Wall) Boykin = wife of Francis Boykin, the Northampton Co. testator (will 1761) — established elsewhere in the project record ([Deloach_Family_Tree.pdf](#)).
- Dashed border = associate/non-family or relation ruled out, per the project's standard convention (see [Dancy_Family_Tree.pdf](#), [Griffis_Family_Tree.pdf](#) for the same usage).
